

DIRECTIONS: Follow 4th Street south through Corvallis, which merges with 3rd Street (also 99W). Turn left onto Goodnight Ave, about a mile south of downtown, and follow for .75 miles to parking area on left.

# - Tee location & hole number

ABG - Possible basket locations. Each hole will have only one basket, but their locations change seasonally to add diversity to the course. Make sure you see the basket before throwing!

Willamette Park's course design is long and technical, and the use of spotters is highly recommended in areas where the grass is fairly long.

There are a wide variety of wildflowers throughout the park, so please be very careful where you step and try not to disturb these native plants.

Hiking trails cross parts of the course (marked by dotted lines on the map), so be mindful of other park users. This course also has stinging nettles & lots of blackberries!

## **Adair Park Disc Golf Course** Est. 2001 • 18 Mach V Baskets • Rubber Tees

DIRECTIONS: About 6 miles north of Corvallis on 99W, turn right on Arnold Ave. After half a mile turn left into the parking area (just before Arnold Ave turns sharply to the right).

Elevation changes, long distance holes and a tightly wooded back section make Adair a fun challenge for everyone.
